My name is Granton Kihiko Waribe. I'm a computer science student at Kisii University. I love tech simply because I'm able to use programming to transform my thoughts into something tangible. I'm a serious guy who loves to pay attention to detail and this enables me to deliver quality work. Curiosity is one of my core identities and in the world of tech it has driven me to great depths.

EXPERIENCE

Industry Experience: Wildlife Research Training Institute June 2024 - Sep 2024

Kenya

- Learned about virtualization, and how the institute applied the concept to manage their servers.
- Curiosity led me to advanced virtualization in google cloud, specifically how to use compute engine.
- I learned to create cloud VMs and understood how they communicate with each other over the internet.

Industry Experience: Zulip April 2024 - June 2024

Remote

- Learned about the structure of an open source software.
- Understand how to read and write a standard code acceptable in the Zulip community.
- Learned how to communicate while making references to past conversations and PRs.

School Project: Addiction Solver Jan 2024 - March 2024

Kibo School, Remote

- Incorporated an AI powered chatbot that provided quick guidance and support specific to people in addiction.
- In a team of three students we developed a web application that helps people overcome their addictions.
- Though not released to the world, the application had insightful and encouraging feedback from my lectures.

School Project: Problema Web App Nov 2023 - Dec 2023

Kibo School, Remote

- Developed a Web application that provided convenient access for solutions to problems that were commonly experienced by Kibo students.
- Impact - The Kibo community doesn't have to answer the same questions over and over again

to every new cohort.

EDUCATION

Power Learn Project Academy Nov 2024 - Mar 2025 **Online**

Certificate in Software Engineering

IBM Skill Build in AI Sep 2024 - Oct 2024 **Online**

Project Based Learning Programme in AI

Kisii University Sep 2021 - April 2025 **Kisii, Kenya**

BSc Computer Science

Kibo School of Technology July 2023 - June 2024 **Remote**

Diploma in Computer Science GPA 2.7

ADDITIONAL

Technical Skills: Python, Flask, HTML, CSS, Node.js, Express.js, javascript, SQL, Git, GCP

Non Technical Skills: Problem Solving, Curiosity, Team work

Tools: VSCode, Mysql, Postman, Ubuntu, Render

Certifications and Training: Python (Hackerank)

Languages: Swahili - English
